

# UX Designer

[This is a full-time position in our Bellingham, WA office. Please do not apply if you are planning to work remotely.] [Please no walk-ins]

The perfect candidate is creative and collaborative, analytical, resourceful, and super organized. You have a strong work ethic, you're comfortable working with internal stakeholders, presenting work and the relevant background for your design choices, and you work well as part of a team. Your work is varied, and you're experienced in all aspects of design, including web and software UX/UI design, mobile design and print design, and you're excited to be a top UX pro for our suite of technology products. You're inquisitive, good at user research, and an excellent communicator.

## Required Skills & Experience:

- Experience working as part of a product team
- At least 2 years experience working on software or an application as a UX/UI designer
- You are a proven problem solver through design, user feedback and iteration
- Demonstrable wireframing and prototyping experience
- Efficient and collaborative during the design and product development process
- Proven track record performing under timelines and over delivering on business objectives
- Proficiency in Adobe Creative Suite and Sketch
- Strong portfolio of work exhibiting a high level of design in layout, composition, typography, and color usage
- Ability to switch gears at a moment's notice and focus on something new
- Outstanding communications skills— visually, verbally, and in writing
- Excellent project and time-management skills
- Super attention to detail but also be able to see the big picture
- Ability to multitask, manage, and meet multiple concurrent deadlines
- Ability to respond effectively to criticism and apply suggestions to create a positive outcome

## Additional Desired Skills:

- Experience with research and analysis & UX techniques
- Experience with wireframing and prototyping
- Experience with UI design for mobile
- Familiarity with HTML and CSS
- Photography and advanced photo editing experience a plus
- B.A. or B.S. in Graphic Design or similar discipline

## We offer:

- Health insurance
- Open, collaborative workspaces
- Free snacks, coffee, and other beverages

**How to apply:** Submit your resume (and optionally cover letter). We also encourage you to provide links to your portfolio site, GitHub, Dribbble, LinkedIn page, sites or apps you've built, etc.
